Canyon Road Dispute Goes Before Court

Two hours were occupied at last night's meeting of the city trustees in an endeavor to find out who wanted what, in connection with the Canyon Park street improvement project. At the end of that time not much progress was definitely assured.

Since the filing of the protest petition two weeks ago, the protestants have filed suit to restrain the board from selling the bonds which the district voted, or from proceeding with the improvement. The protestants were again represented last night by George D. Johnstone, and the prompt execution of the mandate of the voters was again urged by Messrs. Richards and Nash.

Mr. Johnstone again declared the protestants want the Canyon Park streets improved, but believe the present plans are too expensive and the method of payment unjust. They object to the amount of interest paid on the long term bonds and to the method of assessing the costs.

Messrs. Richards and Nash declared the whole object of the protestants was to cause delay and eventually defeat the improvement which had been legally voted by more than two-thirds of the voters in the Canyon.

Trustee Topping said it had taken three years for the Canyon people to get near enough together to vote the bonds, and believed that if the proceedings were set aside it would be three years more before they could reach another agreement. Trustee Porter said he felt the verdict of the voters was mandatory upon the board unless the court proceedings showed something irregular, and was supported in this opinion by Acting City Attorney Dunn.

Trustee Bacon who has been an ardent champion of the improvement, said he was surprised to find certain provisions in the law under which the project was being carried out which appeared unusual and unjust. If subsequent examination of the facts confirmed this judgment, he would feel it necessary to resign from the board and join the protestants.

The board members did not feel that they could give up the proceedings without any assurance that new proceedings would be carried out. It was finally decided to allow two weeks more for the preparation of alternative plans of improvement and financing, which the protestants must support by a majority property petition. Mr. Johnstone agreed to postponement of the injunction case pending this attempt to reach an agreement.

"This is nothing but an attempt to delay and kill the whole business. We'll go into court and get a mandamus writ to compel the board to execute the expressed will of the voters," was the parting shot of Mr. Richards.

A dance and card party with plate supper will be held tonight under the auspices of St. Rita's club. The admission charge of 75 cents includes everything. There will be special prize attractions, with dancing and cards from 8 to 12, and supper at 10:30.

Mr. and Mrs. Lindley Eddy returned this week from their annual summer stay in the Sequoia National Park where Mr. Eddy is the official government photographer.

LADIES PLAN FOR SUPPORT OF DEMOCRACY

Mrs. J. F. Dennison entertained a number of ladies at tea on Tuesday afternoon, the guests being interested in the success of the democratic ticket at the November election. Plans for arousing interest were discussed and a decision was reached to continue working in cooperation with the Pasadena headquarters instead of directly with the county committee. Some of the ladies have been attending the weekly sessions of the Democratic Study club in Pasadena and will try to bring before the voters of Sierra Madre some of the results of their work.

NEW ALEMITE SHOP OUTFIT

Frank L. Lovell of the Central Garage has installed a complete Alemite lubrication service department. He is now prepared to equip cars of all makes with the Alemite system, and also to give prompt, thorough lubrication. For those bearings where it is difficult for grease to penetrate he has a high pressure Alemite grease gun which opens the way amazingly and gets the grease into the dry spots.

New Chamber Is Organized By Juniors

The Sierra Madre Junior Chamber of Commerce was organized Thursday evening, Oct. 9, at the office of the Senior Chamber of Commerce.

By-laws were adopted and election of officers was held. Officers and directors were elected as follows:

President, Perry D. Cover.
 Vice President, Emil E. Smith.
 Vice President, Roy D. Warden.
 Treasurer, Boyd Keith.
 Secretary, Louis Krakower.

Directors, LaRoy Davis, Edward Stein, Clarence Basten, Wm. Vickers, Samuel Addis and Lawrence Larson. Two standing committees were named by President Cover, as follows:

Recreational Committee, Clarence Basten, Roy D. Warden, LaRoy Davis, and Louis Krakower.
 Membership Committee, Alexander Baird, Jack Osgood, Emil Smith.

Regular directors meeting night was set for the third Tuesday night of each month.

President Cover read a letter addressed to him from Louis Arland, president of the United States Junior Chamber of Commerce. Arland will be present at a dinner to be given by the new organization Friday evening, Oct. 24. Secretary Berg, who heard him speak at the Stanford conference last summer, says he is a wonderful speaker.

Congregational Church

Next Sunday morning at the Congregational church Dr. Tate will speak on "The Greatness of Jesus." There will be special music at the service and a short sermon for the children.

The Congregational church is a community church and non-sectarian and cordially invites all those without a church home to fellowship in the worship and service of Jesus Christ. "Come with us and we will do you good."

MISSIONARY SOCIETY

The Woman's Missionary society of the Congregational church will meet next Tuesday, Oct. 14, at 2:30 at the church. Come prepared to tell what happened during the summer that you have to be thankful for. Every one attending is asked to bring a thank offering so that the treasury may be replenished.

WOMAN'S GUILD

The Woman's Guild of Ascension church will meet at the Parish house on Friday afternoon, Oct. 10, Mrs. Shaw and Mrs. Webster hostesses. The guild are working for the bazaar in November and the members are urged to attend these meetings.

All Parties To Be Heard At Meeting

Representatives of all three national parties will be heard in an open meeting to be held in the Woman's club house next Monday evening. The meeting is sponsored by the Woman's Club as a means of bringing to the voters the issues of the campaign in an unbiased way. There will be no discussion of the eighteen propositions on the ballot at this meeting. It will be confined to the partisan issues and state and national tickets.

John R. White of Glendale will represent the republican cause. As a member of the assembly and as a campaign worker he has achieved considerable reputation as an orator. W. Fleet Palmer of Monrovia will be the champion of Democracy. He was formerly assistant United States district attorney, is now a candidate for the state senate, and is also an accomplished speaker.

Mrs. Lou V. Chapin will speak for the independent candidates, LaFollette and Wheeler. Mrs. Chapin needs no introduction to club women, having been an active and popular worker in women's organizations for many years. She has filled many of the most important assignments of the LaFollette speakers' bureau and her friends here will be glad to welcome her again.

On the whole, the program will be well worth hearing and represents commendable effort on the part of the club women to arouse interest in the campaign.

TUCKER GETS READY FOR BIG SEASON

L. C. Tucker's jewelry store has been put through a complete transformation during the past two weeks. With the addition of show case and cabinet equipment and rearrangement of the cases, the facilities for display of his big line of jewelry are greatly improved.

Artistic wall decorations have been completed by J. D. Tucker, the veteran painter, and complete the scheme of beautification. Stencil patterns provide large wall panels for the better display of the paintings of Miss Eleanor Tucker and a line of other art goods which will be carried.

Mr. Tucker is adding largely to his jewelry stock in anticipation of holiday demands, attempting to make it entirely unnecessary to go out of town for such goods.

Local Home Building Is On Increase

Recent building indicates that 1924 will wind up the building program with a flourish. September permits were nearly double those for August, and permits taken out since October 1 will boost the total materially. Residences of R. A. Pratt on Sturtevant Road and of G. I. Farman on West Central avenue are among the highest individual permits of the year. They do not appear in the permits issued during August and September, which were as follows:

Mr. and Mrs. Bennie P. Cook of Columbus, O., and Mrs. Eastman of Cleveland were luncheon guests on Thursday of Mrs. Clara E. Harley and Mrs. Anna B. Brandt.

Mr. and Mrs. T. H. Flather and daughter Virginia are leaving today for a week's trip to Salt Lake, St. Louis, New York and Boston. They will return through New Orleans.

TEA ROOM IS ABOUT READY FOR BUSINESS

With their attractive new building nearing completion, Mrs. Blanche Muskrath and Mrs. Eva Holbert are planning to open their new Wistaria Tea room on West Central avenue the middle of next week. The room is finished in a soft grey, with attractive booths seating four persons each. Counter and kitchen equipment is now being installed and the Wistaria promises to be an important addition to the community.

REPUBLICANS FIXING FENCES

Increased activity by the Republicans in Sierra Madre is foreshadowed by the announcement yesterday of the appointment to membership on the executive committee of the Los Angeles County Republican Central Committee of Elmer A. Green, 169 North Baldwin avenue. The announcement was made by Ralph Arnold, general chairman.

Following the August primaries, when J. N. Hawks was elected to the County Central Committee Mr. Green was appointed to fill a vacancy in the representation from the 69th district. Both Mr. Green and Mr. Hawks are officers of the Sierra Madre Coolidge-Dawes Club.

Dr. Millikan Club's Guest On Thursday

Unusual interest has been aroused by the approaching visit of Dr. Robert A. Millikan, president of California Institute of Technology, at the first fall dinner of the Men's Community Club in the Congregational church next Thursday night. Dr. Millikan combines in rare degree the knowledge of the scientist and the art of the speaker, with unusual personal charm.

As recipient of the Nobel prize for scientific research and many other honors from various European and American scientific societies and schools, Dr. Millikan is recognized as one of the world's leaders in education and science. He has the unusual faculty of presenting scientific subjects in a way to interest and even fascinate the layman. But at the Community dinner given in his honor by citizens of Pasadena last Tuesday night it was Robert A. Millikan, the man, to whom the highest tributes were paid.

Inasmuch as Dr. Millikan is refusing all speaking engagements in Pasadena and Los Angeles and comes to the Men's Club as the result of an engagement which he made with Mr. Burbank last spring, the privilege of hearing him is one not to be missed. Only 100 tickets will be sold for the dinner, which will be served at 6:30, and they may be obtained at Hartman's Drug store or from S. R. G. Twycross.

Dr. Millikan's address will follow the dinner, at 7:30, in the church auditorium. Admission will be free and it is hoped the church will be filled.

Parties are being made up for the breakfast and program given by the Woman's City Club at the Friday Morning Club house on Monday, Oct. 13, at 11:30, when Mrs. Burton K. Wheeler will be the guest of honor. Mrs. Wheeler, wife of the vice-presidential candidate on the independent ticket, is an accomplished and well informed speaker. Mr. Lew Head of the Star-News editorial staff, will present the LaFollette-Wheeler appeal. Non members are welcome, and will be charged the nominal fee of 25 cents admission.

Mrs. C. A. Cover, president of the Congregational Ladies Aid Society, entertained the officers and committee chairmen with a delightful luncheon last Friday. Plans were made for the fall season, including the annual bazaar to be held some time before Christmas.

Scout Work For Year Is Well Started

Both divisions, the senior and junior, of Troop One, Sierra Madre Boy Scouts, held rousing sessions last Friday evening, the first in the community club house, at Central Park, and the other at the bungalow barracks on the school grounds. Over 50 boys were in attendance at the combined meetings, marking the real beginning of organized scout work for the year.

The senior division, which is comprised of all boys who attend high school, and those who have reached the rank of first class, are led by Ivan Munson, with Dick Barbour as senior patrol leader, Desmond Stovall scribe, and Bob McLaughlin bugler. The patrols of this division are well organized, and are doing splendid work through the week.

The junior division has for its leader, Arthur Evans, of the American Legion, with Lester Fennel assistant. John Snyder is also serving as assistant for the juniors. Patrol leaders have been elected by the juniors themselves, and patrols formed, the leaders being Dan Parker, Lyle McElwain, Robert Webster and Frank Snyder. Bob Tarr is scribe for the junior division, and Robert Kariofe bugler. The younger boys are starting off with a bang, and the promise is for a splendid troop. All boys of Sierra Madre, who have reached the age of twelve now have the opportunity to enlist. A number of new boys were admitted Friday evening, and assigned to patrols.

Scout Feed
 At both sessions, games were enjoyed outdoors, and followed with the regular troop routine inside. The juniors had a feast of watermelon, for their "eat," while the seniors had a "feed" of doughnuts and fruit punch, the latter being expertly prepared and served by the senior patrol leader, Dick Barbour. Ivan Munson enlivened the senior session with numbers on his steel guitar, and Scoutmaster Stovall told a story. Mr. Stovall now serves as a sort of general director for the combined divisions, attending each one during the evening.

Developing Leaders
 The excellent manner in which the work is being carried on, largely by leaders that have developed out of the troop itself, gives striking proof of the worth of scouting. This year there will be more patrol work done, and more time given to individual scouts in their test work and life problems.

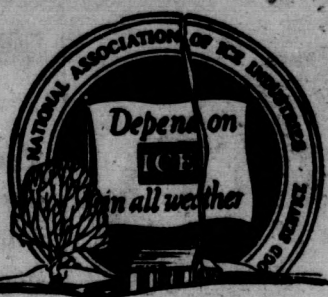

The meeting this week will be a combined campfire and council session at Camp Huntington. Scouts who desire will remain over night at the camp, provided they have "grub" and blankets. Parents and friends are invited to go along, and enjoy the delights of this favored spot in Rubio Canyon, near Mount Lowe. All the troop leaders will be there, in addition to others from district headquarters, and the trip will be both interesting and profitable to the boys.

MANY ENTRIES OF ESSAYS ON HOME LIGHTING

Phil B. Reagan of the Southern California Edison company reports keen interest in the essay contest on the subject of home lighting. Public school pupils to the number of 84 have entered, as well as 17 at St. Rita's school, in an effort to win the attractive prizes offered by G. I. Farman of the Sierra Madre Electric Co., and Claude Vedder. The winners will also have a chance at district, state and national prizes.

Judges for the contest have been announced as follows: Mrs. Fred Griebelow, chairman; Miss Susan Beams, R. M. Finlayson and E. D. Burbank. The contest closes October 31st.

Dr. John J. Only a relatively small portion of the blood is out of the patient at a time, as the flow from vein to filter and back to artery is continuous.

Your Poultry

By Howard J. Curtis

The word "greenstuff," as used in the chicken yard, has a great many meanings. It might be spelled Liver-conditioner, or Chemical Laboratory, or even Henhealth, because fresh alfalfa or kale contain many minerals that act directly upon the liver and in making gastric juices to assist the gizzard in its daily function. You will notice that I said daily function, which is true for although we occasionally skip a day in feeding green, that queer part of a hen called her system keeps on working just the same and no doubt is very much surprised when the necessary supplies do not come down the throat to help make eggs.

Succulent green ground and fed once a day in generous supply but not enough to become wilted or mouldy will save money if it only cuts down the medicine bill. It is a money saver also because it is the cheapest feed that you can spend your money for.

When you have taken time to gather a feeding of green stuff and run it through the cutter, borrow some scales and weigh it and I'll wager you will be some surprised at the small amount you are feeding. It is not possible to write a long article on the subject of greenstuffs,

but let me say this. Many and many a poultryman has gone broke because he did not feed enough greens or because he tried to get by without feeding any. So it is a short subject but can be a mighty one.

CHAMBER GOES TO MEETING OF ASSOCIATION

The local chamber of commerce was represented at a meeting of the associated chambers of commerce of the San Gabriel valley Tuesday night at the regular monthly dinner which was held in Puente by eleven members. This is the first meeting which has been held since the local organization was made a member. Because of the demand for tickets only ten were allotted to Temple but one more was secured from a neighboring organization to take care of the additional delegate. Will G. Farrell was the principal speaker of the evening and won enthusiastic approval of all the local representation.

Tribute Paid
By Many to
Devout Life

Mrs. Charles A. Tiebout, wife of Charles A. Tiebout of 249 Santa Anita Court, died at her home Sunday evening, Oct. 5th, after a prolonged illness. The funeral was held Tuesday morning, Oct. 7th, at the Gay funeral parlors, Rev. U. M. Fox of Sierra Madre officiating. He was assisted by Rev. E. H. Jones of Los Angeles, who was a former missionary in Japan.

Rev. Mr. Jones spoke a few words in the Japanese language to the large number of Japanese people present. They came to pay tribute and show their esteem and love for the deceased and her companion who have been most devoted to them in Christian service during the five years in which they have lived in Sierra Madre.

Mrs. Tiebout has always lived up to her calling and privileges as a Christian and has, together with her husband, been engaged in active and general Christian service. She, being a great believer in prayer, spent much time during her illness in prayer for the orphans in the Orient and the Jewish and Japanese people in whom they were actively interested.

Mrs. Margaret E. Wagnalls Tiebout was born in Findley, Ohio, Sept. 30, 1859, and was married to Charles A. Tiebout at Lithopolis, O., Dec. 25, 1890. She gave her heart and life to Jesus at the age of 15 years and joined the Presbyterian church at Nashville, Ill. At her death she, with her husband, held membership in the Presbyterian church at Arcola, La. She leaves a husband, two sons Ralph and George, and one daughter, Mrs. Pearl Ferguson; two brothers, Daniel and David Wagnalls; eight grand children and several other relatives to mourn her loss. Her eldest brother, Adam Wagnalls, of the firm of Funk & Wagnalls, and one of the founders and editors of the Literary Digest, preceded her in death only a few weeks. Many friends will always cherish her memory as of true and noble christian.

Millions Gain
For State if
Move Beaten

T. W. Hine of Eureka, Pleads
For Defeat of Initiative
Number 11

Eureka.—California will add more than twenty-five million dollars annually to the taxable wealth of the state if initiative measure, Number Eleven, is defeated at the November election, according to the local chamber of commerce.

Whether or not the state shall take advantage of this opportunity is squarely up to the voters at the November election, declared T. W. Hine, president of the Eureka Chamber of Commerce.

To grasp this opportunity the voters must defeat initiative measure, Number 11, he declared. This measure, Hine pointed out, has been placed on the ballot by the California Fish and Game Commission and a few other interests to prevent forever the development of the unappropriated resources of the Klamath river.

With the defeat of this initiative measure, continued Hine, will come the development of the vast water power resources of the Klamath river directly benefitting the entire state.

Claims of the fish commission that the fish will be destroyed are without foundation, he said. In the first place, adequate provision for their protection under power project development is made in the state statutes, while the permits already granted provide guarantee of the United States government that fish will be protected under "existing conditions."

In concluding, Hine said, "the Klamath flows through a United States forest reserve rendering its fishing available to all the people for all time."

"This fact makes Initiative Eleven unnecessary and destroys its sole claim to usefulness as a measure protecting the people."

"MAKE THE KLAMATH
OUR MUSCLE SHOALS"

Make the Klamath river the Muscle Shoals of the Pacific coast is the plea of the residents of Northern California. To do this they point out it will be necessary to defeat initiative measure, Number Eleven, at the November election. This measure, sponsored by the California Fish and Game Commission, if passed will forever prevent the development of the Klamath river power resources.

Recognition
Of Good Work
By Fire Crew

The Board of City Trustees at their meeting held on Thursday, Sept. 25, voiced their sentiments of hearty appreciation as officials of the City of Sierra Madre, for the splendid cooperation of the men who went up into the mountains to fight the recent fires which for a time threatened to burn out our watershed back of the city.

The sacrifice made by the fire fighters both in person by facing intense labor on the fire line and having to be away from home and their usual place of occupation was heartily commended by the board of trustees, who, acting officially for the citizens of Sierra Madre, desire by their actions to extend sincere thanks to the fire fighters and every one else who in any manner contributed to furnishing men and means to meet the fire demon.

The services rendered to the City of Sierra Madre by the Telephone company and its operators during the long and tedious days of the fire period was heartily appreciated by the Board of Trustees, as was also the work done by members of the Sierra Madre Woman's Club in attending to the wants and necessities of the men on the fire line by making over 10,000 sandwiches, which were sent to the fire lines.

City Cooperation

The Board of Trustees of the City of Sierra Madre at their meeting held on Thursday, Sept. 25, desired, as the official body of the City of Sierra Madre and on behalf of the citizens, to publicly extend the thanks of this city to the citizens of Monrovia for the help and activity so ably rendered the City of Sierra Madre during the recent mountain fires, which for a time threatened the watershed back of the City of Sierra Madre.

F. B. O. WEEK

AT THE
WISTARIA THEATRE

Sierra Madre

OCTOBER 12 TO 18 IS F. B. O. WEEK

ALL the best theaters are preferring programs from the Film Booking Offices during this week. The WISTARIA THEATRE will present three fine films of that company. Beginning with YANKEE MADNESS, a rollicking story of a young American in a foreign country, to be followed by HIS FORGOTTEN WIFE, one of the Palmer Photoplays, so well known and patronized by our best people, and closing with that wonderful drama of mother-love, THE LULLABY. Chester Bennett's silent unheralded magnificent tribute to motherhood. So splendidly portraying the greatest love of our lives. Jane Novak rises to unmatched heights in the great emotional role of a decade. A beautiful picture the whole family will enjoy.

Program for Week

SATURDAY AND MONDAY—

HER TEMPORARY HUSBAND

Sidney Chaplin, Owen Moore and Sylvia Breamer. Biggest comedy hit of the year—flashing wit and fiery action. About a girl who married an old duck because a will with a million hooked to it made her do it, and then discovers four old men claiming her as wife. The little chick didn't just know what to do; and that's what makes the laughs come fast in this mix-up comedy.

The 13th Chapter of THE SANTA FE TRAIL.

TUESDAY AND WEDNESDAY—

YANKEE MADNESS

BILLIE DOVE and GEORGE LARKIN. It was Yankee madness that took Richard Morton to Sevilla, Spain, and his winning Yankee ways that induced a beautiful Senorita to fall in love with him. A real romance of Old Spain, with its palm-fringed shores, the mantilla draped Senoritas and the swaggering Dons. But Spanish hate and jealousy is as intense as Spanish love. See the Yankee and the Spanish lovers at the Tango dance.

First Episode of a new series of Sports-pictures, THE GO-GETTERS.

A CARTOON, also, "Life in London's West End."

THURSDAY AND FRIDAY—

HIS FORGOTTEN WIFE

MADGE BELLAMY. A Palmer Photoplay. Loved but forgotten. If you had a beautiful wife and she was bewitching, faithful, economical and madly in love with you, could you forget her? Yet one man did; for a mighty good reason, too. A strange situation. She was wife and fiancée at the same time. A fine picture produced by one of our most conservative companies.

Comedy—POP TUTTLE'S DE-TEK-A-TIVE.

SATURDAY AND MONDAY—

THE LULLABY

JANE NOVAK. A colossal tribute to the glory of Motherhood.

TEAM WORK FOR "OUR TOWN"

In every city, town and hamlet we may find strong competition in business, differences in politics and religion, social rivalries and personal antagonisms—and these will probably always exist to a greater or less extent.

But there is one common ground on which all should be willing to meet, laying aside personal grievances and prejudices—that is, where the common welfare of "our town" is concerned.

In other words, no matter how much we may disagree and fight among ourselves, we should stand up for our town against all opposition. This sort of team work is what makes a town worth while, insures its progress and a better understanding among its people.

By joining with an enemy or rival in some movement for the betterment of the community, we often find him to be a pretty good sort of fellow, after all.

Development of a strong community spirit is essential to community advancement and no personal feelings should be permitted to stand in its way. Loyalty and teamwork are the things that count for "our town."

THE BIG RACE STILL AHEAD

Campaign orators are not the only stars in the year's endurance contests. Americans have won unprecedented fame this year in international contests requiring supreme endurance, skill and courage. Their great victories in the Olympic games, in tennis, polo and practically every department of outdoor sport have demonstrated American superiority as never before. The crowning glory of their achievements was the successful completion of the flight of Army airmen around the world, which has given their fellow citizens an intense thrill of pride and has won the admiration of all the nations of the earth.

An easier word to take the place of "chauffeur" is being sought, but none of the names ordinarily used by pedestrians would do in polite society.

The bravest editor has been found. He declares his paper "does not print poetry of any kind at any time."

Scandal-mongers have no union rules and never object to working over time.

A Georgia court has decided that being legally hanged does not invalidate a man's insurance. Policy-holders are thus relieved of one more source of worry.

Item from Texas newspaper: "Charley White, formerly a good citizen of this place, but now a traveling salesman, was in town Monday."

It is customary to say, "I don't like to blow my own horn" just before blowing it.

If we must have death scenes in plays, it should be arranged to kill off the poorest actors first.

Your real diplomat looks on while the other fellow spills the beans.

There is always a lot of unemployment and most of it is on somebody's pay-roll.

The Home Town Paper

By Avery G. Powell, Editor Baker Co. (Fla.) Sentinel

The little country paper
From the old home town
Makes the city man smile
When it comes around.

For he lays down the daily
And irons out his frown
When he reads all the news
From the old home town.

No slanders or murders
Are on the front page;
No crimes or vulgarity
No passions or rage.

But a mirror-like reflection
Of a peaceful, sleepy town
Is stamped upon his memory
When the paper comes 'round.

He reads about a melon
Grown by Farmer Hatch;
Remembers he used to sneak them
From the same melon patch.

And then the paper pictures
Big catches in the creek
Where he spent hours fishing
Every Saturday in the week.

Across his mind there flashes
The combination train,
And he's standing at the depot
A barefoot boy again.

There sweeps across his memory
That can never grow dim
The old, pine spring board
And the place he used to swim.

You can talk about the daily
That newsboys cry around,
But it's punk beside the paper
From the old home town.

Mrs. J. L. Phelan of 78 South Her-mosa returned Sunday from Chicago, where she has been visiting relatives for about four months.

AIRPLANE TO SCATTER SEED IN MOUNTAINS

Former Congressman Charles R. Randall, who became well known as an earnest champion of the Boulder Canyon dam and Colorado river development, has proposed a novel method of restoring forests in the burned mountain areas of Southern California. He would imitate the method by which every natural forest was planted—by scattering seeds from the air. Mr. Randall has suggested to the United States Forest Service that airplanes be utilized for the purpose, and he will press for such measure if reelected to congress. Winds and birds planted all the original forests he maintains.

Randall's well known progressive-ness both as a member of the California legislature and of congress is giving him support in every direction.

PICTURE MEN TO HELP RED CROSS DRIVE

One of the most important assets to the success of the Eighth Roll Call will be the cooperation of the motion picture theaters of the country. This was promised last week at Boston in a resolution unanimously adopted by the Motion Picture Theater Owners of America at their annual convention. The owners of approximately 15,000 theaters were represented, embracing nearly all the cinema houses in the United States.

With daily audiences estimated at 15,000,000, the importance of the pledge of cooperation on the part of the theater owners in advertising the Red Cross can not be overestimated. It will mean, literally, that the entire adult population of the country will receive the message of the Red Cross and its services and be urged to become members.

MISS MCUNE AGAIN OPENS DANCE CLASS

Miss Mary McCune will be at the Sierra Madre Woman's Club Monday afternoon, Oct. 13, from 2:30 to 5:00 to meet any students interested in the dance, either in class or private lessons. Tuesday, Oct. 14, will mark the opening of classes for babies 3 to 6 years, 2:05 to 2:45; intermediate 6 to 9 years, 3:00 to 4:00; and advanced class for children 9 to 12 years 4:00 to 5:00. Miss McCune successfully instructed a school of aesthetic dancing at the club house last year. She is from Monrovia, where her classes are very popular.

Inventions Needed

Sir William Bell, the noted British scientist and inventor, makes the following suggestions for inventions needed in the world:

Glass that will bend.
A process to make flannels unshrinkable.

A noiseless airplane.
A motor engine giving one horsepower to each pound of weight.

Practical ways of utilizing the force of ocean tides.

A pipe that may be easily and effectively cleaned.

Talking moving pictures.

He might have suggested a process for stretching the bank account over the first of the month demands.

Sierra Madre has gained another booster. He is Nate C. Weinberg of the Unique, one of Los Angeles' leading stores, who is now a resident of this city. The Los Angeles merchant declares that for scenery and equable climate Sierra Madre is unexcelled. Weinberg states that his wife and son are just as enthusiastic over his new home.

A QUICK-STEP SERVICE

Rapid but reliable. Prompt and pleasing. Knowing how to dye and clean clothes and not afraid to work. Splendid results the result of modern methods and painstaking care. We're not saying that we are the only cleaners and dyers in the world. We are insisting, however, that we are among the chosen few who know how to clean garments properly and send them to you fresh and charming.

LETTING CAT OUT OF BAG

Miss Helen Jewell entertained a number of friends at her home on East Laurel avenue Saturday evening, October 4, in celebration of the birthday of her fiancée, Boyd Keith, at which time their engagement was announced. A little Angora kitten crawled out of a bag with a small heart fastened around his neck, which said: "Helen and Boyd, June,

1925." The table was beautifully decorated in pink and lavender. Guests were Misses Alva Conway, Lorraine O'Banion, Doris Bayard, Lucille Ladd and Azalia Scoville; also Messrs. Bill Olsen, Emil Smith, Wallace Merrill, Paul Ludd, George Bayard, Quinton Patterson and the guest of honor, Boyd Keith. The out of town guests were Mr. and Mrs. Gordon Brooks of Whittier. The evening was spent in games and impromptu music. Mr. Keith was the recipient of many lovely gifts.

Something new and interesting in piano lessons is being demonstrated by Frona V. Clarke, pianiste and teacher of Los Angeles, who is teaching here on Saturdays. For information phone Green 153, 50 E. Grand View Ave.

Mrs. W. H. Miller and daughter, Mrs. Harry Bourne, who have been spending the summer in Long Beach, returned home Monday and are occupying their home at 119 W. Grand View.

Senator Nelson Hits Fish Board

State Leader Declares Body
Has Broken Law, Gone
Too Far

Senator H. C. Nelson of Humboldt county, openly charges the State Fish and Game Commission with violation of the California state law, in a statement he has made public.

According to Senator Nelson, the commission has not only violated the law, but is exceeding its authority and seeking to strangle the development of a large section of Northern California.

He charges the commission with allowing a cannery on the Klamath river to net steelhead trout. This was allowed, he declared, in violation of the law.

In further charging the commission with exceeding its authority and seeking to strangle the development of Northern California, Senator Nelson attacked the action of the game board in sponsoring the initiative measure, Number Eleven, at the November election, which would create a fish preserve on the Klamath river, and forever prevent the development of power resources, in the face of United States government guarantees that fish will be protected when development is undertaken.

"Many people believe," said Senator Nelson, "that the power of the Klamath river should be utilized in the establishment of industries. Projects under way should be allowed to be completed."

"This is of vital importance, not alone to Northern California but the whole state, and we believe that the state Fish and Game Commission is altogether exceeding its authority in appealing to sentiment and prejudice and is seeking to strangle the future development of a large section of the state upon what it claims to be the interest of fish and game."

Under the provisions of the Federal Power Commission "existing conditions" of fish migration and culture must be maintained along with power development projects. This provision alone, it is held, does away with the strongest argument in favor of initiative measure, Number Eleven.

RESOLUTION OF INTENTION NO. 217

A RESOLUTION OF THE BOARD OF TRUSTEES OF THE CITY OF SIERRA MADRE DECLARING ITS INTENTION TO IMPROVE A PORTION OF HIGHLAND AVENUE IN THE CITY OF SIERRA MADRE AND DETERMINING THAT SERIAL BONDS SHALL BE ISSUED TO REPRESENT SAID COSTS AND EXPENSES AND FIXING A TIME AND PLACE FOR HEARING OBJECTIONS TO SAID WORK OR IMPROVEMENT.

The Board of Trustees of the City of Sierra Madre do resolve as follows:

SECTION 1: That the public interest and convenience require and that it is the intention of the Board of Trustees of the City of Sierra Madre to order the following street work and improvement to be done, to-wit:

HIGHLAND AVENUE

between the Western line of Baldwin Avenue and a line drawn twelve (12) feet westerly from and parallel with the Eastern line of Auburn Avenue, including all intersections and terminations with all intersecting and terminating streets, be improved by the construction of cement sidewalks except where cement sidewalks have already been constructed and are now to the official line and grade of the streets, as shown on Special Improvement Plans hereinafter referred to.

SECTION 2: That all of the work aforesaid shall be done in accordance with and to the grades shown on Special Improvement Plans, Profiles, and Cross-sections No. 121 on file in the office of the City Engineer of the City of Sierra Madre and in further accordance with Special Specifications for said work on file in the office of the City Clerk of said City, adopted by the Board of Trustees of the City of Sierra Madre by Resolution No. 216 of said City. Said Special Improvement Plans, Cross-sections and Profiles and Special Specifications are hereby referred to for full and detailed description of said proposed work or improvement and for the description of the grade

to which the work is to be done and are made a part hereof.

All streets and avenues referred to in this Resolution are public streets of said City of Sierra Madre.

SECTION 3: The said Board of Trustees also determines and declares that serial bonds bearing interest at the rate of seven (7) per cent per annum shall be issued to represent each assessment of Twenty-Five (25) Dollars or more remaining unpaid for twenty days after the date of the warrant. Said serial bonds shall extend over a period ending nine (9) years from the second day of January next succeeding the fifteenth (15) day of the next November following their date. Payments on the principal of unpaid assessments and interest shall be made by property owners to the City Treasurer and the same shall be disbursed by him, all as provided in the said "Improvement Act of 1911."

SECTION 4: Notice is hereby given that on Thursday, the 23rd day of October, 1924, at the hour of 7:30 o'clock P. M. of said day, in the Council Chamber of the Board of Trustees of said City of Sierra Madre in the City Hall of said City, located in Room F, Kersting Court in said City, any and all persons having any objections to said proposed work or improvement may appear before said Board of Trustees and show cause why said proposed improvement should not be carried out in accordance with this Resolution.

SECTION 5: All the proceedings for the aforesaid improvement and for the issuance of said bonds shall be had and taken under and in accordance with an Act of the Legislature of the State of California, known and designated as the "Improvement Act of 1911," approved April 7, 1911 and under all Acts supplementary thereto or amendatory thereof.

SECTION 6: The Superintendent of Streets shall immediately post or cause to be posted conspicuously along the line of said contemplated work or improvement notices of the passage of this Resolution in the manner and the form required by law.

SECTION 7: The City Clerk shall certify to the passage of this Resolution and shall cause the same to be published twice in the Sierra Madre News, a weekly newspaper published and circulated in said City of Sierra Madre and hereby designated for that purpose. Said Board of Trustees does not deem it advisable that the City Clerk mail copies of the "Notice of Improvement" to the owners or reputed owners of property and the mailing of such notices is hereby dispensed with.

The foregoing Resolution was adopted at a regular meeting of the Board of Trustees of the City of Sierra Madre, held on the 25th day of September, 1924, by the affirmative vote of at least three Trustees, to-wit:

Ayes: Trustees Bacon, Karicofe, Topping and Sparks.
Noes: None.
Absent: Trustee Porter.

and signed and approved this 25th day of September, 1924.

J. D. SPARKS,
President of the Board of Trustees.

Attest:
L. DIETZ,
City Clerk.

NOTICE OF AWARD OF CONTRACT

Pursuant to Statutes and to the Resolution of Award No. 218 of the Board of Trustees of the City of Sierra Madre, adopted September 25th, 1924, directing this notice, notice is hereby given that said Board of Trustees in open session on the 11th day of September, 1924, publicly opened, examined and declared all sealed proposals or bids for the following work, to-wit:

That all that portion of MOUNTAIN TRAIL AVENUE

between the Southern line of Central Avenue and the Northern line of Lowell Avenue prolonged Easterly across said Mountain Trail Avenue, including all intersections and terminations with intersecting and terminating streets, be improved by certain grading and by the construction of two (2) inch oiled macadam pavement, and also a concrete gutter along the East line of the road way of said Mountain Trail Avenue, and also the construction of a cement top on the existing rock gutter along the West line of the roadway of said Mountain Trail Avenue, all as shown on the Special Improvement Plans hereinafter referred to, and all other work or improvement described in Resolution No. 196 being the Resolution of Intention for said work or improvement, in the manner and within the limits designated in said Resolution, and reference is hereby made to said Resolution for a further and more complete description of said work or improvement and the description of said work or improvement in said Resolution contained is hereby expressly adopted and made a part hereof, the same as though fully set forth herein.

That all of the work aforesaid shall be done in accordance with and to the grades shown on Special Improvement Plans, Cross-sections and Profiles No. 107 on file in the office of the City Engineer of the City of Sierra Madre and in further accordance with Special Specifications for said work on file in the office of the City Clerk of said City, adopted by the Board of Trustees of the City of Sierra Madre by Resolution No. 195 of said City. Said Special Improvement Plans, Cross-sections and Profiles and Special Specifications are hereby referred to for full and detailed description of said proposed work or improvement, and for the description of the grade to which the work is to be done and are made a part hereof.

That the said work or improvement, in the opinion of said Board of Trustees of said City, is of more than local or ordinary public benefit, and said Board of Trustees declares that the district to be benefited by said work or improvement, and to be assessed to pay the costs and expenses thereof is described in said Resolution of Intention No. 196 to which said Resolution reference is hereby made for a description of said district.

That said Board of Trustees also determines and declares that serial bonds bearing interest at the rate of seven per cent (7%) per annum shall be issued to represent each assessment of twenty-five dollars (\$25.00) or more remaining unpaid for twenty (20) days after the date of the warrant. Said serial bonds shall extend over a period ending nine (9) years from the second day of January next succeeding the fifteenth day of the next November following their date. Payments on the principal of unpaid assessments and interest shall be made by property owners to the City Treasurer and the same shall be disbursed by him, all as provided in the "Improvement Act of 1911," hereinafter referred to.

That the proceedings for the aforesaid improvement shall be had and taken under and in accordance with an Act of the Legislature of the State of California designated and known as the "Improvement Act of 1911," approved April 7, 1911, and under all Acts supplementary thereto or amendatory thereof.

And thereafter, to-wit: On the 25th day of September, 1924, said Board of Directors awarded the contract for said work to the lowest, regular, responsible bidder, to-wit:

To Pasadena Paving Co., at the prices named for said work in their proposal, on file, to-wit:

9.4 cents per square foot for oiled macadam paving and grading,
22 cents per square foot for concrete gutter,
19.9 cents per square foot for concrete top on existing rock gutter.

L. DIETZ,
City Clerk and Ex-Officio Clerk of the Board of Trustees of the City of Sierra Madre.

Sierra Madre, California, September 25, 1924. (1c2)

NOTICE INVITING SEALED PROPOSALS

Pursuant to the "Improvement Act of 1911" and all Acts supplementary thereto or amendatory thereof and to Resolution No. 214 of the Board of Trustees of the City of Sierra Madre, adopted on the 25th day of September, 1924, directing this Notice, the undersigned, City Clerk and Ex-Officio Clerk of the Board of Trustees of the City of Sierra Madre, hereby gives notice that he invites and will receive up to eight o'clock P. M. of Thursday, October 23, 1924, at his office in the City Hall of said City of Sierra Madre, sealed proposals or bids for doing the following street work, to-wit:

SPEND 75 MILLIONS IF INITIATIVE LOSES

Expenditures of more than \$75,000,000 for construction work alone will be required in the development of the Klamath river water power resources, according to present plans for the proposed project. Before such an expenditure is possible, it will first be necessary, it is pointed out, to defeat initiative measure, Number Eleven, at the election in November. This measure seeks to forever prevent the development of the unappropriated power resources of the Klamath river. Friends of progressive development declare this measure if carried will rob California of the benefits derived from the power and the expenditure of such a huge sum within the state.

KLAMATH RIVER HAS ONLY POWER IN U. S. RIGHT AT TIDEWATER

Klamath river has the only great power project in America right at tidewater.

Within forty miles of ocean transportation on the lower Klamath river there can be developed 200,000 horsepower of electric energy, almost twice greater than is planned at Muscle Shoals, on the Tennessee river. Potential possibilities of the Klamath river are said to exceed 500,000 h. p.

In order to make these possibilities a reality, voters throughout California are working for the emphatic defeat at the November election, of initiative measure, Number Eleven, which seeks to forever prevent the development of the unappropriated power resources of the Klamath river.

part of Baldwin Avenue in said City of Sierra Madre, described in Section 1 of Resolution of Intention No. 203 of said City of Sierra Madre and being the Resolution of Intention for said work or improvement, in the manner and within the limits designated in said Resolution and to which said Resolution of Intention No. 203 reference is hereby made for a further and more complete description of said work or improvement, and the Special Specifications of which, referred to in said description, are on file in the office of said City Clerk and also conspicuously posted near the Council Chamber door of said Board of Trustees and the description of said work or improvement in said Resolution of Intention No. 203 contained, is hereby expressly adopted and made a part hereof, the same as though fully set forth herein.

Builders must file with each proposal or bid, a check payable to said City of Sierra Madre, certified by a responsible bank, for an amount which shall not be less than ten per cent of the aggregate of the proposal, or a bond for said amount and so payable, signed by the bidder and two sureties who shall justify before any officer competent to administer an oath, in double the said amount and over and above all statutory exemptions.

Dated at the office of the City Clerk of said City of Sierra Madre, September 25th, 1924.

Thrills and Laughter at The Wistaria

It was "Yankee madness" that took Richard Morton to Sevilla. It was Yankee madness that made him the principal figure in a blazing revolution. It was Yankee madness that led him to the cabaret where the sweetheart of the War Minister danced! It was Yankee madness that spurred him to become her partner in the tango and incur the undying enmity of her paramour! It was Yankee madness that induced a beautiful senorita to fall in love with him. And it was Yankee madness that will thrill you as a picture has never thrilled you before!

That is the prophecy of Manager Bdown of the Wistaria Theatre who has "Yankee Madness" booked as one of next week's features.

And then again: If you were an attractive athletic young woman—If your aunt had left you a fortune on condition that you marry within twenty-four hours—

If the provisions of the will would not allow you to marry your present fiancée—

And if you wanted the cash but were not keen for the matrimonial proviso, how would you go about getting the spondulix?

Blanche Ingram, the heroine of "Her Temporary Husband," to be shown next week at the Wistaria Theatre, was faced with that problem. But she got an idea. She married a decrepit old man who had but a few hours to live.

The marriage was performed, but someone else was the happy bridegroom—a plotter had made up to look like the intended husband.

Then complications and more complications before the strange mixup is finally straightened out.

But what about a man who really loves his wife and then forgets her completely? That is an interesting problem, handled in "His Forgotten Wife," which rounds out the week's bill.

Suzanne DuVal, to restore health and ease of mind to an unidentified soldier who has lost his memory, gives him a fictitious identity and the name of "John Rolfe." The two are married, and after the war are forced by lack of funds to take positions as servants in the house of a wealthy man.

The club day was drawn to a close by ensemble singing of America, the Beautiful. The enthusiastic expressions heard on all sides gave promise of a most interesting and valuable club year.

At the board meeting held Wednesday morning it was decided to have typical monthly supper dances—the first a Halloween dance under the direction of Mrs. Spencer Howard.

Miss Fawcett will take care of small children in the Osgood room during club afternoons for the fee of ten cents a child. Kindergarten occupation work will be given.

Miss Mary McCune is planning to hold classes in dancing for children during the coming winter.

The advisability of a proposed raise in the initiation fee is being discussed.

Club Begins Year's Work At Luncheon

(Mrs. Elmer Green, Acting Press Correspondent)

The Sierra Madre Woman's Club opened its doors on Wednesday for the first meeting of the new club year and more than 100 women and a few men sat down to lunch at 12:30. Several long tables were set in the auditorium and at each table was one lady of the Board acting as hostess.

Mrs. Samuel Stork, the new president, had several guests at her table, each of whom brought a few words of greeting. Father Bennett from St. Rita's Catholic church, Dr. Tate from the Congregational church, Mr. Berg from the Chamber of Commerce, Mr. Harvey Steinberger from the American Legion, Mrs. Stowell, president of the Los Angeles Browning society, and Mrs. DeWitt, president of the Pasadena Browning club. Mrs. DeWitt closed her remarks with a beautiful tribute to Mrs. Stork. The president then called informally upon certain of our much travelled members to speak briefly of their summer experiences.

New Board Introduced

After a most excellent luncheon had been enjoyed, Mrs. Stork with her new officers and Board of Directors withdrew. When the curtains were parted Mrs. Stork was on the stage, with her board gathered in a half circle around her. In her own inimitable way the president then presented each member of the new board, with a few words of rare charm. Mrs. J. A. Osgood, president emerita, told of the delightful experience she and Captain Osgood enjoyed at the National encampment of the G. A. R. in Boston.

Mrs. Stork, in what she happily chose to call her inaugural address, spoke emphatically of co-operation and loyalty. Her message further contained this thought: Bring something yourself to the club—you will get out of any club only what you bring into it in spirit and work.

Mrs. W. J. Lawless reported on the president's council held at the Friday Morning club on September 19th.

Miss Mary McCune and three pupils of Monrovia gave several interesting character dances in elaborate costumes.

The club day was drawn to a close by ensemble singing of America, the Beautiful. The enthusiastic expressions heard on all sides gave promise of a most interesting and valuable club year.
